Fruit-picking

From July to the end of October, you can enjoy picking different kinds of fruits in the Orchard safely, with high quality at reasonable price. Fruit trees here are cultivated with safe green farming practices. You can feel free to pick up fruits from the tree and directly eat them in the farm. In addition, since the orchard is in the very Northern part of Japan, fruits here are much sweeter and juicier due to the temperature difference.

■ Location : Orchard in Fukagawa City

■ Fee : Early July - Early August Cherry (All-you-can-eat) ¥1,200 /person

Late July - Late August Blueberry (All-you-can-eat) ¥800 /person

Early September - Late October Prune (All-you-can-eat) ¥800 /person

Early September - Late October ¥150/1 apple

※ Unlimited time All-you-can-eat

※ Fee listed above only as reference (vary by season)

■ Business day : July -End of October

★Recommendations★

Though you can only pick fruits from July to the end of October, from November to March when it snows, since the apples are well preserved from being frozen, you can still buy delicious fruits during winter. Enjoying red apples in the silver snowy world is a very special experience. Take a photo and make it a memory for life.
